## STRUCTURES EXPO

The structures expo was incredible! Thank you to families, evaluators, event participants, community members... for supporting our students in all aspects of this huge project. Students received huge praise from the community on the depth of knowledge gained and shared by the presenters at the Structures Expo. This expo has inspired us all to travel!

## Guests

Thank you to general contractor Pat McNary for teaching us about infrastructure and all that parts and specialist that go into constructing residences, facilities, factories...

**Salmon Habitat:** On March 7<sup>th</sup> Coowe Walker of the Kachemak Bay Research Reserve will be sharing her research and sampling data with the students on juvenile salmon habitat. She has been working on a channel just up from the mouth of the Anchor River.

**No School on Friday:** Friday is an in-service day for Teachers Only. Have a wonderful and restful Break.

### FRESH FRUIT FUNDRAISER
