LAST DAY!

FRESH FRUIT FUNDRAISER

Order forms are due back today, Monday, March 21st... but if you got them to me first thing tomorrow morning, March 22 that would work as well. I have to turn my numbers in tomorrow afternoon. We are having a very low turnout for this fund raiser so if your order form is laying on the kitchen table, tomorrow is the absolute latest.

FROM THE DISTRICT:

Dear KPBSD parents and guardians,

KPBSD Parent Survey: Do student early release days make a difference?

Please take a brief online four question survey, open March 11 – March 28, 2016, to share your perceptions and thoughts about the six early release days for students.

“Each school day, more than 1,200 KPBSD employees do all that they can to provide a quality education to our district’s students. A part of this work is our continuous improvement process that requires us to regularly evaluate our practices so that we can in turn, make the necessary changes to help our students find success. An intricate piece of our improvements is our professional development for our certified staff. With the need to do more for our staff in this area, for the past two school years we designated six school days as minimum days—with a 90 minute early release for students, while staff works a maximum day in order to deliberately devote time to collaborate and collectively address the learning needs of our students. Now that you are familiar with these shortened student school days, we want to receive your feedback on them. [Please complete these questions, and provide your optional comments.](#) Thank you very much for your time.” – Sean Dusek, Superintendent
