HAPPENINGS

NATURAL, SOCIAL AND CULTURAL RESOURCES!

Our Conservation Motto...

"To guard, to preserve and protect!"

Walking field trips to the Homer Soil and Water Conservation offices in downtown Homer have allowed Kim's theme groups to rub elbows and ask questions of real live soil, plant and water conservation heroes. The kids have wowed the local scientists with their ecological wisdom and sincere care. In Jon's group, each member has elected an animal to study. After making their choices the kids have begun constructing a pop-up animal habitat scene as well as starting to look at their animal as a resource to guard, preserve and protect. Conservation folders will follow in the upcoming weeks.

SUPER SKILLS TRAINERS!

Ray, Corey, Ash and Kris we don't know what we'd do without you. You are sooo appreciated and loved!

JUBILEE ART SHOW

Yet another venue for our student's art appeared. Works from our young Fireweed artists can be seen at the Pratt museum in the Contemporary Art Gallery. The Festival of Young Artists will run April 5th through May 12th. Be sure to stop in and take a look!
